Federal University Of Parana,
Curitiba, Brazil.

This activity is supported by an unrestricted educational grant from **Novo Nordisk**

Share the ACROCOVID II Survey with your patients!

The World Alliance of Pituitary Organizations (WAPO), a partner of ISE, is conducting for a second year the **ACROCOVID II Survey** to better understand how the pandemic is still impacting acromegaly community after 1 year.

We would appreciate your help by sharing this survey with your patients! The patient survey is available **in 6 different languages - English, Russian, Mandarin Chinese, German, Spanish and Portuguese** – and takes only 5-10 minutes to complete.

The survey can be accessed [via this direct link](#) or through the QR code on the right.

Your support and that of your community is crucial to make this not only a success but provide important information to improve the Quality of Life for people with acromegaly despite the challenges. [Watch a short video](#) with the Vice-Chair of WAPO, Sheila Khawaja who explains why your contribution is so important to the research.

Announcing the 2nd ACROCOVID Survey

Revisiting our international assessment of the continuing impact
of COVID-19 on the lives and care of people living with acromegaly

Available in English, German, Portuguese, Russian, Spanish and Simple Chinese

Make Your Experience Count!

Supported by an independent educational grant from Ipsen
