---

Our June members' update comes a little late, but we have some important news to share as the congress bidding guidelines for 2024 are out now!

The newsletter is specifically created for you, our active member societies and partners, to stay up to date with what's going on at ISE. We would be delighted if you could share our news in your society's communication channels. If you would like us to share your news with the global endocrine community, send your proposals at [office@isendo.org](mailto:office@isendo.org)

---

## UPDATES FOR MEMBERS

### **ISE opens call for expression of interest to **host the ICE congress in 2024****

As member of the ISE you are officially invited to submit your expression of interest to host our prestigious congress in 2024. We are opening the call to all our members across the world, without geographical restrictions, as we are now changing our model, with ISE taking the responsibility of the congress.

---

### **Call for proposals for the newly branded "ISE CME Program": **submit your event now****

If your society is hosting an event and you would like to get endorsement or support from ISE, you can submit your proposal by 1 September 2019 for events taking place in 2020. We have developed new guidelines on the types of events that we support and the type of support that we can offer. To enable us to have a fair and transparent comparison, we will be calling for submissions two times per year. An independent working group will be comparing the submissions and allocating support taking into account a balanced geographical coverage.

**SUBMIT YOUR  
EVENT NOW!**
