This newsletter is specifically created for you, our active member societies and partners, to stay up to date with what is going on in the global endocrinology community. We would be delighted if you could share our news in your society's communication channels. If you would like us to share your society's news within our community, please send your proposals to office@isendo.org

ISE UPDATES

ISE Strategy and Governance review: your opinion matters

The last ISE strategy was developed in 2017 with a 5-year outlook. However, in the past 12 months new perspectives on the global outlook have developed; the needs of the global endocrinology community have changed, and a refreshed view on ISE member value is timely.

Therefore, we are excited to share a first draft of the ISE 2021-2024 strategy, and invite you to give your feedback as we further focus in on the next 3 years ahead of us.

We sent you the survey link in an individual email but if you missed it please feel free to contact us at office@isendo.org for assistance. Your opinion is highly valuable for ISE and we encourage you to share it with us! The deadline to fill in the survey is 19th of May.

ICE Virtual 2021: all sessions available until the 28th May

We remind you that the content from the ICE Virtual 2021 congress held in February is still available on the [ICE Website](#) if you missed it! After the 28th of May highlights from the sessions will be available on the ISE Global Education for free.

ISE EDUCATION

What's new! Past and upcoming activities

Webinar recordings from April now available!

Did you miss the ISE Webinar on the 8th of April on the topic: **What is the place of long-acting GH in the management of pediatric and adult patients?**

RENEW YOUR ISE MEMBERSHIP FOR 2021

It has been a very special year full of challenges for all of us and ISE remains committed more than ever to federate the endocrine community across the world as the "United Nations of Endocrinology". We count on your input and support in 2021 allowing us to continue giving back and supporting our global members with all our activities.

You received an email from our Membership Coordinator (membership@isendo.org) with more details on the renewal of your membership for 2021. If you have any questions please do not hesitate to contact us! We look forward to continue our collaboration with you in 2021.

GOING VIRTUAL?

We continue to promote our communities' events, congresses as well as education and scientific exchange opportunities, so don't hesitate to send us an overview of your activities and share your initiatives at office@isendo.org
