- WEBINAR -

Transitioning hypopituitary patients from childhood to adulthood: what do endocrinologists need to

know? Speakers: Catherine Choong (Australia); Cesar L Boguszewski (Brazil)

Thursday, 17 June 2021, 2:00 - 3:00 pm CET

In this webinar, the speakers Catherine Choong (Australia) and Cezar L Boguszewski (Brazil) will address the challenges of managing hypopituitary patients during their transition from childhood to adulthood using a case-based approach.

During the session, the experts will discuss the diagnostic challenges including the need for endocrine retesting, define criteria for continued care vs. discontinuation, and review the therapeutic shifts during the transition phase.

Save your virtual seat to the webinar and register today via the link below!

WEBINAR
