This newsletter is specifically created for you, our active member societies and partners, to stay up to date with what is going on in the global endocrinology community. We would be delighted if you could share our news in your society's communication channels. If you would like us to share your society's news within our community, please send your proposals to office@isendo.org

ISE UPDATES

ISE Endocrinology Practice - Middle East 2021: our inaugural regional CME event

We are excited to invite you to join us online for **the 1st ISE Endocrinology Practice – Middle East, 17-18 September 2021**. This ISE Endocrinology Practice is a conference hosted by ISE in collaboration with the Emirates Diabetes and Endocrine Society (EDES) and is the first one of a series of biennial regional CME-focused educational events.

Share the news with your members and invite them to join and learn from international faculty combined with cases discussed by regional experts, taking patient care to the next level, at the same time earning globally recognized CME credits.

Remember that if you are an active ISE Member Society for 2021 your members can save up to 50 USD by registering in the category "ISE Members". Check out the discounted registration fees and register today by clicking on the below banner.

The 1st ISE Endocrinology Practice Middle East 2021

17-18 September | Virtual

ISE Early Career Group: kick-off and first meeting

At the end of July, twelve motivated and inspired young endocrinologists from all over the world met for the kick-off meeting of the ISE Early Career Working Group. Future projects, focus areas and possible opportunities for development were discussed as well as many ideas on how they can support their early career colleagues globally!

The group is now officially launched and members are eager to start working and developing their new projects. Stay tuned to find out more about it in the next months!

ISE Strategy and Governance review: update

Back in May, we sent a survey to all our members so you can share your feedback on the draft of the revised ISE Strategy and Governance documents with us. We received many valuable and insightful comments and we thank all of you who took the time to participate and share your ideas.

We are now conducting regional calls with our members; be sure to attend the meeting for your region as an opportunity to further discuss any questions or concerns you may have. We look forward to meeting all of you, even virtually, and in case you are not able to attend your regional call, you can always contact us at office@isendo.org and request a one-on-one with leadership. We are here to listen and learn from you.

ISE EDUCATION

ISE Educational efforts are ongoing throughout the year. Make sure to share the news about all ISE webinars and courses with your members as we develop high-quality accredited content with the help of renowned international experts and it's all available for free to your society members.

Upcoming webinar in September

For years DECON had been a trademark event in diabetes and endocrinology in India and the South Asia region and it continues this year with its 7th edition which will be held virtually on 20-22 August. ISE will support DECON with a

joint symposium on 21st August in which Prof. Margaret Wierman will participate.

You can review the congress and register on the following [link](#).

ESI continues with its ESI Sunday Series from July to September - a series of webinars on Pituitary, Diabetes & Obesity, Thyroid, Osteocrinology and Adrenal topics. Check out the Program of the webinars, the topics covered and the speakers as well as the exact dates so you don't miss it.

Check out the full program of the Sunday webinar series [on this link](#).

RENEW YOUR ISE MEMBERSHIP FOR 2021

As we slowly try to recuperate from challenging times globally, ISE remains committed more than ever to federate the endocrine community around the world as the "united nations of endocrinology". We count on your input and support in 2021 allowing us to continue giving back to our members with an array of activities globally.

You received an email from our Membership Coordinator (membership@isendo.org) with more details on the renewal of your membership for 2021. If you have any questions please do not hesitate to contact us! We look forward to continuing our collaboration with you in 2021.

GOING VIRTUAL?

We are eager to promote events, congresses as well as education and scientific exchange opportunities within the global endocrinology community, so don't hesitate to send us an overview of your activities and share your initiatives at office@isendo.org
