ISEnews is here for you

This newsletter is put together specifically for you to stay up-to-date on what's going on at the International Society of Endocrinology (ISE). A new year full of developments and activities has started and we plan to share our activities with you on a monthly basis! Below you can find a summary of what's currently going on.

If you have any suggestions, ideas or feedback you wish to share; please send it to office@isendo.org.

Don't forget to follow us through our social media channels as well:

Education - Launch of our **Global Education Hub**

Discover our ISE Global Education Hub!

We are proud to launch our global education initiative: The [ISE Global Education Hub](#). Our hub will feature materials from past and future international educational events, and needs-based online activities.

Blended Course: [Adrenal Insufficiency: Getting it right](#)

This course contains a set of online activities and interactive case studies connected to the Adrenal Insufficiency: Getting it Right session that took place during ICE 2018 in Cape Town, South Africa.

The course is developed by Dr Stefanie Hahner, Dr Louis Ian Ross, Dr Richard Ross, and Dr Antoine Tabarin.

[Type 2 Diabetes Management](#) Educational Webinar Series

8 April 2019, Noon EDT

The management of type 2 diabetes continues to evolve with new treatment options improving glycemic control and dramatically reducing the risk of diabetic complications. This interactive webinar series has assembled a panel of diabetes experts to discuss new and emerging treatment options and their impact on individualized care.

ISE News

New faces at the ISE

The society has been through several changes in the past months. We said farewell and welcome to a number of people from the Executive Committee and from the ISE Office.

[Find out more about the new faces in ISE >>](#)

ICE 2018, Cape Town, South Africa

The 18th International Congress of Endocrinology - ICE 2018 - and 53rd Society for Endocrinology, Metabolism and Diabetes South Africa (SEMDSA) Annual Meeting took place from 1-4 December 2018 in Cape Town South Africa. This was the first time ever the ICE took place on the African continent.

We want to once again thank the local organisers and POC for hosting an excellent congress, that received raving reviews for the outstanding plenary speakers and carefully compiled program. For those who missed it, we still have the pictures!

[View the pictures from ICE 2018 >>](#)

Over 60 Early Career Awards were physically handed over to the recipients during the Travel Grants reception at ICE 2018, where the recipients had the opportunity to meet ISE leadership.

Outreach

ISE officially endorses [Endocrinology, Diabetes & Metabolism Case Reports](#), an online-only, open-access resource providing practitioners the ability to communicate findings, share knowledge and convey medical experiences efficiently and effectively across the many disciplines intersecting with endocrinology, diabetes and metabolism.

Subscribers to the ISE Global Education Hub are eligible for a **20% discount** on the article publication charge.
