

A new year and a lot to share!

This newsletter is put together specifically for our members and General Council to stay up-to-date on what's going on at ISE. We've been absent for a while, while we were going through a lot of changes internally.

But now we're back and we plan to share our activities with you on a monthly basis! Below you can find a summary of what's been going on behind (and in front of) the scenes.

If you have any suggestions, ideas or anything you wish to share relating your society; please send it to office@isendo.org and we will happily share the information.

Education

NEW: Discover our ISE Global Education Hub!

We are proud to launch our global education initiative: The ISE Global Education Hub.

Our hub will feature materials from past and future international educational events, and needs-based online activities.

As a member of ISE, you can also submit and promote the educational content you have developed as a society to our platform, and make it available to a broader audience!

ISE News

New faces at the ISE

The society has been through several changes in the past months. We said farewell and welcome to a number of people from the Executive Committee and from the ISE Office.

[Find out more about the new faces in ISE >>](#)

ICE 2020, Buenos Aires, Argentina - Your opportunity to suggest topics!

We are already very busy preparing the next ICE 2020 in Buenos Aires, Argentina which will take place from 4-7 October 2020.

Planning is underway and we would now like to ask you to propose possible topics and names to be considered for inclusion in the program. Please let us know your suggestions by filling in the online survey on behalf of your organisation.

ICE 2018, Cape Town, South Africa

The 18th International Congress of Endocrinology - ICE 2018 - and 53rd Society for Endocrinology, Metabolism and Diabetes South Africa (SEMDSA) Annual Meeting took place from 1-4 December 2018 in Cape Town South Africa. This was the first time ever the ICE took place on the African continent.

We want to once again thank the local organisers and POC for hosting an excellent congress, that received raving reviews for the outstanding plenary speakers and carefully compiled program.

For those who missed it, we still have the pictures!

ISE membership dues 2019

Next week we will be starting the membership renewal process for 2019. All members will receive an invitation to renew based on their membership dues from 2018.

If you have any significant changes, please do let us know!
